

2.7.1 Students Satisfaction Survey

The college was unable to conduct the Student Satisfaction Survey during the academic year 2019-20 because of the severity of Covid-19 pandemic and non availability of direct access with the students. Being an evening college with the high percentage of students employed in various small jobs and hailing from the outskirts of the city proper internet connectivity was huge challenge to conduct online surveys. This exercise will be conducted as soon as the situation returns to normal.
